Index to Volume 57

Author Index

Abbott, Isabella A.—*see* Huisman and Abbott
Abbott, Isabella A. and John M. Huisman
New Records and Notes on Hawaiian Marine Benthic Chlorophyta, including *Pseudochlorodesmis abbreviata* (Gilbert), n. comb. (Udoteaceae) and *Cladophora luxurians* (Gilbert), n. comb. (Cladophoraceae), 275–285
Allison, Allen—*see* Kraus and Allison
Anderson-Wong, Puanani—*see* Follett et al.
Arcinas, Albert C.
Hot Water Drench Treatments for Control of Burrowing Nematode in Rhapis and Fishtail Palms (abstract), 227

Bailey, John E.
Evolving Morphology of an Open-Channel Lava Flow in Mt. Etna (abstract), 228
Bailey-Brock, J. H., J. Dreyer, and R. E. Brock
Three New Species of *Saccocirrus* (Polychaeta: Saccocirridae) from Hawai'i, 463–478
Balazs, George H.—*see* Russell et al.
Banko, Paul C.—*see* Laut et al.
Baumgartner, Erin
Size Differences Influence Aggressive Behavior in the Mangrove Blenny, *Omobranchus rotundiceps obliquus* (abstract), 228
Benoit-Bird, Kelly
Acoustic Backscattering Properties of Hawaiian Lutjanid Snappers (abstract), 229
Benz, George W., Henry F. Mollet, David A. Ebert, Corrine R. Davis, and Sean R. Van Sommeran
Five Species of Parasitic Copepods (Siphonostomatoida: Pandaridae) from the Body Surface of a White Shark Captured in Morro Bay, California, 39–43
Bird, Christopher E.
Pattern in Hawaiian Rocky Intertidal Community Structure along Wave Exposure Gradients (abstract), 229
Blaha, Richard J.—*see* Day et al.
Brock, R. E.—*see* Bailey-Brock et al.
Brooks, Louise—*see* Seminoff et al.
Buden, Donald W. and Dennis R. Paulson
The Odonata of Kosrae, Eastern Caroline Islands, Micronesia, 399–407
Buden, Donald W. and Jacqueline Y. Miller
The Butterflies of Pohnpei, Eastern Caroline Islands, Micronesia, 1–8
Burney, David A.—*see* Burney and Burney
Burney, Lida Pigott and David A. Burney
Charcoal Stratigraphies for Kaua'i and the Timing of Human Arrival, 211–226
Bursey, Charles R.—*see* Goldberg and Bursey

Carlquist, Sherwin and Timothy K. Lowrey
Wood Anatomy of Hawaiian and New Guinean Species of *Tetramolopium* (Asteraceae): Ecological and Systematic Aspects, 171–179
Chou, Ming-yi
Integrated Management Strategies against *Aspisdiotus destructor* (Homoptera: Diaspididae) in Banana (abstract), 230
Cooper, Brian A.—*see* Day et al.
Cox, Evelyn F.—*see* Kolinski and Cox

Davis, Corrine R.—*see* Benz et al.
Day, Robert H., Brian A. Cooper, and Richard J. Blaha
Movement Patterns of Hawaiian Petrels and Newell's Shearwaters on the Island of Hawai'i, 147–159
DeFelice, Ralph C. and James D. Parrish
Importance of Benthic Prey for Fishes in Coral Reef–Associated Sediments, 359–384
Dreyer, J.—*see* Bailey-Brock et al.
Duncan, Kanesa
Nearshore Nursery Use in the Scalloped Hammerhead Shark, *Sphyrna lewini* (abstract), 230

Ebert, David A.—*see* Benz et al.
Ewing, Curtis P.—*see* Polhemus et al.

Farfán, Claudia
Role of the Gene *Distal-less* in Development of *Euprymna scolopes* (abstract), 231
Faucci, Anuschka
Genetic Population Structure in Relation to Dispersal Potential in Pacific Nudibranchs (abstract), 231
Ferentinos, Lisa—*see* Laws and Ferentinos
Filkin, Nanda R., Alison R. Sherwood, and Morgan L. Vis
Macroalgae from 23 Stream Segments in the Hawaiian Islands, 421–431
Follett, Peter A., Puanani Anderson-Wong, M. Tracy Johnson, and Vincent P. Jones
Revegetation in Dead *Dicranopteris* (Gleicheniaceae) Fern Patches Associated with Hawaiian Rain Forests, 347–357
Freshwater, D. Wilson—*see* McDermid et al.
Fry, Brian, Arian Gace, and James W. McClelland
Chemical Indicators of Anthropogenic Nitrogen-Loading in Four Pacific Estuaries, 77–101

Gace, Arian—*see* Fry et al.
Gárate-Lizárraga, Ismael, David A. Siqueiros-Beltrones, and Verónica Maldonado-López
First Record of a *Rhizosolenia debyana* Bloom in the Gulf of California, México, 141–145
Gardner, Donald E.—*see* Morden et al.
Glenn, Craig R.—*see* Resig and Glenn

Goldberg, Stephen R. and Charles R. Bursey
Helminths of the Ezo Brown Frog, *Rana pirica* (Ranidae), from Hokkaido Island, Japan, 167–169
Gray, Elizabeth M.—*see* Laut et al.
Greenfield, David W.
A Survey of the Small Reef Fishes of Kāneʻohe Bay, Oʻahu, Hawaiian Islands, 45–76
Gregoritza, Monica C.—*see* McDermid et al.
Gruner, Daniel S.
Regressions of Length and Width to Predict Arthropod Biomass in the Hawaiian Islands, 325–336
Top-Down and Bottom-Up Influences in a Hawaiian Arboreal Arthropod Food Web (abstract), 232
Guzmán del Próo, Sergio A., Elisa Serviere-Zaragoza, and David Siqueiros-Beltrones
Natural Diet of Juvenile Abalone *Haliotis fulgens* and *H. corrugata* (Mollusca: Gastropoda) in Bahía Tortugas, Mexico, 319–324

Huisman, John M.—*see* Abbott and Huisman
Huisman, John M. and Isabella A. Abbott
The Liagoraceae (Rhodophyta: Nemaliales) of the Hawaiian Islands. 1: First Record of the Genus *Gloiotrichus* for Hawaiʻi and the Pacific Ocean, 267–273

Johnson, M. Tracy—*see* Follett et al.
Johnston, Shaun
Scattering of the Oceanic Internal Tide from a Seamount (abstract), 232
Jones, Vincent P.—*see* Follett et al.

Kaholoaʻa, R.—*see* Polhemus et al.
Kam, Alan K. H.—*see* Russell et al.
Kensley, Brian
Marine Isopod Crustaceans from Easter Island, 287–317
Kolinski, Steven P. and Evelyn F. Cox
An Update on Modes and Timing of Gamete and Planula Release in Hawaiian Scleractinian Corals with Implications for Conservation and Management, 17–27
Koropatnick, Tanya
Investigating Symbiont-Induced Hemocyte Trafficking during Light Organ Morphogenesis in Hawaiian Bobtail Squid, *Euprymna scolopes* (abstract), 233
Kraus, Fred and Allen Allison
A New Species of *Callulops* (Anura: Microhylidae) from Papua New Guinea, 29–38

Laut, Megan E., Paul C. Banko, and Elizabeth M. Gray
Nesting Behavior of Palila, as Assessed from Video Recordings, 385–392
Laws, Edward A. and Lisa Ferentinos
Human Impacts on Fluxes of Nutrients and Sediment in Waimānalo Stream, Oʻahu, Hawaiian Islands, 119–140
Lee, Patricia N. K. L.
Hox Genes and the Cephalopod Arm Crown: Homology and Morphology (abstract), 233
Liebherr, James K.—*see* Polhemus et al.
Lowrey, Timothy K.—*see* Carlquist and Lowrey

Maldonado-López, Verónica—*see* Gárate-Lizárraga et al.
Matus, David
Molecular Investigations into the Phylogenetic Position of the Chaetognaths (abstract), 234
McClelland, James W.—*see* Fry et al.
McDermid, Karla J., Monica C. Gregoritza, Jason W. Reeves, and D. Wilson Freshwater
Morphological and Genetic Variation in the Endemic Seagrass *Halophila hawaiiana* (Hydrocharitaceae) in the Hawaiian Archipelago, 199–209
Miller, Jacqueline Y.—*see* Buden and Miller
Mollet, Henry F.—*see* Benz et al.
Molnar, Janos
Drosophila Lysyl Oxidases: Effect of *Dmloxl-1* on Chromatin Structure and Transcription and Adult-Specific Expression of *Dmloxl-2* (abstract), 234
Morden, Clifford W., Donald E. Gardner, and Dana A. Weniger
Phylogeny and Biogeography of Pacific *Rubus* Subgenus *Idaeobatus* (Rosaceae) Species: Investigating the Origin of the Endemic Hawaiian Raspberry *R. macraei*, 181–197
Moretzsohn, Fabio
More than Just a Pretty Pattern: What the Spots on the Shell of *Cribrarula cribraria* (Mollusca: Cypraeidae) Tell Us about its Anatomy (abstract), 235
Murdock, A. G. and A. R. Smith
Pteridophytes of Moorea, French Polynesia, with a New Species, *Tmesipteris gracilis* (Psilotaceae), 253–265
Murray, Steven N.—*see* Sapper and Murray

Naeole, Chrystie
Use of DNA Arrays for Molecular Systematic Studies of Species within the *Bactrocera dorsalis* Complex (abstract), 235
Nazario, Cynthia
Propagation of Breadfruit for Conservation and Germ Plasm Exchange (abstract), 236
Nichols, Wallace J.—*see* Seminoff et al.

Ognjanovic, Simona
Role of Pre-B Cell–Colony Enhancing Factor (PBEF) in Human Fetal Membranes (abstract), 236

Pandey, Raju
Development of *Anagyrus ananatis* (Hymenoptera: Encyrtidae) at Constant Temperatures (abstract), 237

Parrish, James D.—*see* DeFelice and Parrish
Parry, Matthew
Trophic Ecology of Two Oceanic Squids in Hawaiian Waters (abstract), 237
Paulson, Dennis R.—*see* Buden and Paulson
Phillips, David A.
Plate Tectonics in the Southwest Pacific: GPS Estimates of Crustal Velocity in the Tonga-Lau System (abstract), 238
Phillips, Ron C.—*see* Russell et al.
Polhemus, D. A., Curtis P. Ewing, R. Kaholoa'a, and James K. Liebherr
Rediscovery of *Blackburnia anomala* (Coleoptera: Carabidae), in East Maui, Hawai'i after a 107-Year Hiatus, 161–166

Reeves, Jason W.—*see* McDermid et al.
Resendiz, Antonio—*see* Seminoff et al.
Resig, Johanna M. and Craig R. Glenn
Sieve Plates and Habitat Adaptation in the Foraminifer *Planulina ornata*, 103–110
Russell, Dennis J., George H. Balazs, Ron C. Phillips, and Alan K. H. Kam
Discovery of the Sea Grass *Halophila decipiens* (Hydrocharitaceae) in the Diet of the Hawaiian Green Turtle, *Chelonia mydas*, 393–397

Sapper, Stephanie A. and Steven N. Murray
Variation in Structure of the Subcanopy Assemblage Associated with Southern California Populations of the Intertidal Rockweed *Silvetia compressa* (Fucales), 433–462
Scheinberg, Rebecca D.
Grazing Impact of *Oikopleura fusiformis* on Picoplankton in the Coastal Subtropical Pacific (abstract), 238
Schumacher, Brett D.
Daytime Habitat Use Patterns and the Specter of Competition for Space among Demersal Reef Fishes (abstract), 239
Seminoff, Jeffrey A., Wallace J. Nichols, Antonio Resendiz, and Louise Brooks
Occurrence of Hawksbill Turtles, *Eretmochelys imbricata* (Reptilia: Cheloniidae) near the Baja California Peninsula, México, 9–16
Serviere-Zaragoza, Elisa—*see* Guzmán del Próo et al.
Sherwood, Alison R.—*see* Filkin et al.
Siqueiros-Beltrones, David A.—*see* Gárate-Lizárraga et al.
Siqueiros-Beltrones, David—*see* Guzmán del Próo et al.
Smith, A. R.—*see* Murdock and Smith

Untalan, Pia
CcMD1, a Novel Gene Containing a BTB/POZ Domain Sequence from the Genome of Mediterranean Fruit Fly (abstract), 239
Urschitz, Johann
A Serial Analysis of Gene Expression in Sun-Damaged Human Skin (abstract), 240

Van Sommeran, Sean R.—*see* Benz et al.
Vargo, Donald L.—*see* Wetterer and Vargo
Vis, Morgan L.—*see* Filkin et al.

Wang, Zhaohui
Investigations on the Cross-Coupling of Phenylacetylene with Aryl Chlorides (abstract), 241
Weniger, Dana A.—*see* Morden et al.
Westley, Marian
Nitrous Oxide Production in the Eastern Tropical North Pacific and the Black Sea (abstract), 241
Wetterer, James K. and Donald L. Vargo
Ants (Hymenoptera: Formicidae) of Samoa, 409–419

Subject Index

abalone—see *Haliotis corrugata* and *Haliotis fulgens*
Anagyrus ananatis, development of, 237
anatomy, wood, of *Tetramolopium*, 171–179
ants, of Samoa, 409–419
Anura, 29–38
arthropod food web, influences in, 232
Aspidiotus destructor, integrated management strategies against, 230
Asteraceae, 171–179

Bactrocera dorsalis complex, DNA arrays for molecular systematic studies of, 235–236
biomass, arthropod, regressions to predict in the Hawaiian Islands, 325–336
Blackburnia anomala, rediscovery in East Maui, 161–166
blenny, mangrove—see *Omobranchus rotundiceps obliquus*
breadfruit, propagation for conservation and germ plasm exchange, 236
butterflies, of Pohnpei, 1–8

Callulops, n. sp. from Papua New Guinea, 29–38
Carabidae, 161–166
cephalopod arm crown, and *Hox* genes, 233–234
chaetognaths, phylogenetic position of, 234
Cheloniidae, 9–16
Chlorophyta, Hawaiian marine benthic, new records, 275–285
Cladophora luxurians, n. comb., 275–285
Cladophoraceae, 275–285
Coleoptera, 161–166
copepods, parasitic, from a white shark, 39–43
corals, scleractinian, modes and timing of gamete and planula release, 17–27
Cribrarula cribraria, shell anatomy, 235
crustaceans, marine isopod, from Easter Island, 287–317
Cypraeidae, 235

Diaspididae, 230
Dicranopteris, revegetation in Hawaiian rain forests, 347–357
Drosophila, lysyl oxidases, effect of *Dmloxl-1*, 234–235

Encyrtidae, 237
Eretmochelys inbricata, occurrence near Baja California, México, 9–16
Euprymna scolopes, role of *Distal-less* gene in development of, 231
  symbiont-induced hemocyte trafficking in, 233

ferns—see *Dicranopteris*
fishes, importance of benthic prey in coral reef sediments, 359–384
  reef, daytime habitat use patterns of, 239
    of Kāneʻohe Bay, Oʻahu, 45–76
fly, Mediterranean fruit, *CcMD1* gene in, 239–240
foraminifer—see *Planulina ornata*
Formicidae, 409–419
frog, Ezo brown—see *Rana pirica*
Fucales, 433–462

Gastropoda, 319–324
Gleicheniaceae, 347–357
Gloiotrichus, first record for Hawaiʻi and Pacific Ocean, 267–273

Haliotis corrugata, natural diet of juvenile, 319–324
Haliotis fulgens, natural diet of juvenile, 319–324
Halophila decipiens, in diet of *Chelonia mydas*, 393–397
Halophila hawaiiana, morphological and genetic variation in, 199–209
helminths, of Ezo brown frog, from Japan, 167–169
Homoptera, 230
human fetal membranes, role of pre-B cell-colony enhancing factor in, 236–237
human impacts, on fluxes of nutrients and sediment in Waimānalo Stream, 119–140
human skin, gene expression in sun-damaged, 240
Hydrocharitaceae, 199–209
Hymenoptera, 237, 409–419

Idaeobatus, phylogeny and biogeography of, 181–197
intertidal community structure, pattern of, 229–230
isopod crustaceans, from Easter Island, 287–317

lava flow, open-channel, evolving morphology of, 228
Liagoraceae, of the Hawaiian Islands, 267–273

macroalgae, from Hawaiian stream segments, 421–431
Microhylidae, 29–38
Mollusca, 235, 319–324

Nemaliales, 267–273
nematode, burrowing, hot water drench treatments for control of, 227
nitrogen-loading, chemical indicators of anthropogenic, in Pacific estuaries, 77–101
nitrous oxide production in North Pacific and Black Sea, 241
nudibranchs, genetic population structure and dispersal potential in, 231

Odonata, of Kosrae, 399–407
Oikopleura fusiformis, grazing impact on picoplankton of, 238–239
Osmobranchus rotundiceps obliquus, size difference and agressive behavior in, 228–229

Palila, nesting behavior of, 385–392
Pandaridae, 39–43
Petrels, Dark-Rumped, movement patterns of, 147–159
phenylacetylene, cross-coupling of with aryl chlorides, 241
Planulina ornata, sieve plates and habitat adaptation in, 103–110
Polychaeta, 463–478
Pseudochlorodesmis abbreviata, n. comb., 275–285

Psilotaceae, 253–265
pteridophytes, of Moorea, 253–265

Rana pirica, helminths of, from Japan, 167–169
Ranidae, 167–169
Reptilia, 9–16
Rhizosolenia debyana, first record of bloom in Gulf of California, 141–145
Rhodophyta, 267–273
rockweed—see *Silvetia compressa*
Rubus, phylogeny and biogeography of, 181–197
Rubus macraei, origin of, 181–197

Saccocirridae, 463–478
Saccocirrus, n. spp. from Hawai'i, 463–478
sea grass—see *Halophila decipiens*, *Halophila hawaiiana*
shark, scalloped hammerhead—see *Sphyrna lewini*
white, parasitic copepods on, 39–43
Shearwaters, Newell's, movement patterns of, 147–159
Silvetia compressa, subcanopy assemblage in California, 433–462
Siphonostomatoida, 39–43
snappers, lutjanid, acoustic backscattering properties of, 229
Sphyrna lewini, nearshore nursery use in, 230
squid, Hawaiian bobtail—see *Euprymna scolopes*
squids, trophic ecology of, 237–238
stratigraphies, charcoal, for Kaua'i, 211–226

tectonics, plate, GPS estimates of crustal velocity, 238
Tetramolopium, wood anatomy of, 171–179
tide, oceanic internal, scattering of, 232
Tmesipteris gracilis, n. sp., 253–265
turtle, green—see *Chelonia mydas*
hawksbill—see *Eretmochelys imbricata*

Udoteaceae, 275–285
